Congress of the United States
House of Representatives
Washington, DC 20515-0603

Dear Mr. Schwab,

Thank you for contacting me about the Democrat shutdown of the federal government. I appreciate you taking the time to write and share your perspective. It is an honor to serve you in the United States House of Representatives. I hope you will continue to write with your thoughts and ideas for moving our country forward.

On October 1st, Senate Democrats shut down the federal government over partisan demands to fund biased, politically charged media with taxpayer money and provide healthcare to illegal aliens. The Democrats held the American people hostage, including more than 600,000 furloughed federal workers, as they attempted to impose their radical left agenda. This reckless shutdown halted essential services and put undue strain on our communities, from veterans to farmers, who rely on a functioning government.

My Republican colleagues and I in the House of Representatives passed a continuing resolution to fund the federal government through January 30th, ending the longest government shutdown in American history. The continuing resolution we passed maintained fiscal responsibility, prevented gross expansions of federal bureaucracy, and put American taxpayers first.

For 43 days, the Democrats attempted to legislate based on threats and brinkmanship, using Americans' livelihoods for political gain. The Democrats tried to hold America hostage and they failed. Coloradans of the Fourth District elected me to ensure their voices are heard in the halls of Congress, and I will never capitulate to political forces threatening Coloradans'

prosperity and wellbeing.

It is an honor to serve Colorado as part of its Congressional Delegation. I took an oath to support and defend the Constitution of the United States and will remain forever faithful to it. Rest assured, I will work to represent you with integrity. I always fight for freedom and prosperity to deliver results for Coloradans of the Fourth District.
